ARTICLES OF WAR.

ART. 35. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the company or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. If any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have transmitted to the Department of War, have occasion to leave the regiment or company, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the Adjutant General, all the effects of such deceased non-commissioned officer and soldier, in order that the same may be accounted for, and paid to the proper representative.

REGULATIONS.

REG. 1.—One copy of the inventories of the effects of deceased non-commissioned officers and soldiers, required by the 35th Article of War, shall be forwarded to the Adjutant General, by the commanding officer of the company to which the deceased belonged, and a duplicate of the same to the Adjutant General of the regiment. Final statements of pay, clothing, &c., in the hands of the company, will be sent to the Adjutant General with one copy of the inventory. Both inventory and final statements should be forwarded, as soon as possible, through Regimental Headquarters. When a soldier dies, the commanding officer of the company, it will be the duty of his Adjutant General to furnish, direct to the Adjutant General, the required inventory and final statements, and, at the same time, to forward to the Adjutant General of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; in what time he died; what he was paid, and the money or other effects in his possession at the time of his death; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be numbered, "Inventory of the effects of ———, late of company ———, regiment of ———, who died at ———, the ——— day of ———, 1866." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported on the muster roll for inventory.

REG. 2.—Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his death, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

REG. 3.—In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds duly certified by the Council and commanding officer, (Form 5) accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be numbered, "Report of the proceeds of the effects of ———, late of company ———, regiment of ———, who died at ———, the ——— day of ———, 1866."

REG. 4.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, the same will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

REG. 5.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.
